

**CITY OF HUNTINGTON BEACH
MEMBER OF THE CITY COUNCIL**

STEVE RAY

AGE: 55

OCCUPATION: Business Owner/Planning Commissioner

It's your choice!

Do you want politics as usual? Outside special interests over Huntington Beach citizens? Hagglng over silly issues?

Or...

Do you want a better choice? A councilmember that represents you first? Who listens to you? One who will deal with the important issues?

I offer a better choice.

This election is about you and our quality of life. It's time to clean beaches, repair infrastructure, attract businesses with good paying jobs, increase police and fire services, balance our city budget — and be sensible about it!

A 24-year resident, I offer a unique blend of experience in business, community affairs and public service. As Vice-Chair of the Huntington Beach Planning Commission, I work to improve the business climate, while protecting personal property rights and our city's environment. For 16 years, my wife and I have operated our own business. I've been a corporate executive, school teacher and administrator. I served in the U.S.M.C. (Vietnam-era).

I'm running because I believe with hard work and integrity, we can improve the quality of life in Huntington Beach. Please join me for a new and sensible approach to local government.

It's time for a better choice!
